APEX PREDATOR -

"The brightest element is Laura Whitmore - as the predatory primary-teacher with carnal longings and immortal leanings. She has presence, and unmistakable glamour."- Telegraph

"Laura Whitmore has heaps of fun as the provocative, overtly predatory Ana, a sinister figure moonlighting as a primary school teacher in order to get close to her preferred prey. As the play goes on, Whitmore reveals glimpses of melancholy and loneliness, effectively humanising her distinctly inhuman character" - The Stage

2:22 A Ghost Story -

"Laura Whitmore is outstanding" - Independent
