I am a positive and outgoing person who enjoys life. Performing is where I am in my happy place, whether it be acting, singing or dancing. I have been singing since 5 years old and currently have achieved Distinction at Grade 5 Royal Academy of Music. I have been dancing since I was 3 years old and participate in lots of dance festivals with my dance peers. I have been a member of an Acting Workshop since I was 8 years old, I can show lots of different emotions when performing as I am intuitive with how people are behaving around me.
